

Greetings, Mother Easter,

The Missionary Society has scheduled a “**Lunch and Learn**” for Saturday, January 6th, 2024 at 10 a.m. The medical students from the Philadelphia College of Osteopathic Medicine (PCOM) will be the guest panelists. They will share first-hand information about what a Doctor of Osteopathic Medicine is, the similarities and differences between a Doctor of Osteopathic Medicine (DO) and a Medical Doctor (MD), and ways to improve common health conditions that impact South Georgia.

PCOM is a private medical school with a main campus in Philadelphia, Pennsylvania, and additional locations in Suwanee and Moultrie, Georgia.

This is a community outreach event, so let's show our support for the voluntary efforts of the medical students and the Missionary Society. Please bring a friend and any basic healthcare questions for the medical students.

With Gratitude,
Keesha Reynolds
